We also hosted a variety of engaging school activities that reflected the curiosity, leadership, and joy of learning that define **SMEIS**. Parent Engagement

• Teaching Courage at Home

“Courage is moving forward in spite of fear.”

John C. Maxwell

At **SMEIS**, courage and confidence are essential Core Values that support our mission to help every girl grow with purpose and strength.

Benefits of Courage:

- 1- Courage gives you energy.
- 2- Courage gives you confidence.
- 3- Courage always gives you a win.
- 4- Courage gives others courage.

Based on concepts from the iLead Program by the Maxwell Leadership Foundation (2017).

Parent Inspiration:

When students practice courage—by trying new things, speaking up, or facing challenges—they bring our school values to life. We encourage parents to support this at home by celebrating brave moments, encouraging open conversations, and modeling positive risk-taking. Together, families and school help our girls grow into confident leaders ready to make a meaningful impact.
