Principal's Message

Dear Students, Parents, and Staff,
As we approach the end of the year, I am incredibly proud of all that our school community has achieved. This month beautifully reflected the balance we value at **SMEIS**—academic focus, personal growth, and a joyful school life. Together, we continue to ensure that every girl feels seen, supported, and encouraged to reach her full potential.

As we welcome the new year, I am confident in our community's strength to grow, succeed, and move forward together, empowering every girl to lead, learn, and make a positive impact.

Warm regards,
Mrs. Alice Joseph

School life & Celebrations

• SMEIS Christmas Celebration 2025 – Thursday, December 18, 2025

SMEIS, in collaboration with **L'Evento Sports Agency**, joyfully celebrated Christmas, starting with the National Anthem and a warm welcome speech from **Mrs. Alice Joseph**.

Santa Claus then made a joyful entrance, distributing gifts to the students. Our talented girls performed a variety of songs and dances, and parents joined in for a special group dance at the end of the performances.

SMEIS was honored to welcome esteemed participants, including representatives from medical institutions, who joined in the festive celebrations.

The event also featured a lively Christmas bazaar, with stations offering a variety of Christmas items, toys, and food, creating a joyful and festive atmosphere for all attendees.

Attendees enjoyed a range of activities: some participated in the bazaar, others joined craft and planting stations, and some had fun with caricature drawing.

Later, a live band performed Christmas songs, creating a lively atmosphere as students and parents danced together.

Parent Engagement

• Teaching Initiative at Home

“You cannot win if you do not begin.”

John C. Maxwell

Teaching Initiative at Home helps students recognize that success is achieved through action. By overcoming procrastination and developing initiative, students strengthen confidence, independence, and positive daily habits.

How to stop procrastinating and start initiating:

1- Stop waiting for the ideal situation to do something.

2- Make future consequences become present consequences.

3- Do something good for you while you do something that makes you feel good.

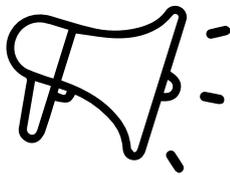

4- Take action and inspire yourself and others.

Based on concepts from the iLead Program by the Maxwell Leadership Foundation (2017).

Parent Inspiration:

Parents can help children develop initiative by encouraging them to act, even when things aren't perfect. Guide them to connect their actions to outcomes, celebrate small successes, and support them in creating positive routines at home. Your guidance helps them grow confident, independent, and proactive.

Together, we can help our children turn intentions into meaningful action and grow into responsible, motivated learners.
