

Principal's Message

Dear Students, Parents, and Staff,

As we approach the end of the academic year, we extend our appreciation to our dedicated teachers and supportive parents for their continuous partnership in empowering every girl to lead, know, impact, and grow.

During this month, the school continued implementing the iLead Program by the Maxwell Leadership Foundation, supporting students in developing leadership skills and confidence. Our students also completed the third trial of the i-Ready Diagnostic Assessment and successfully concluded the Master Mind Competition, demonstrating academic growth, teamwork, and critical thinking skills.

Warm regards,
Mrs. Alice Joseph

School life & Celebrations

• **Bake Your Day | Thursday, May 14, 2026**

K1 & K2 celebrated a fun-filled day. During the day, students enjoyed an interactive supermarket activity using pretend money, helping them develop practical life and math skills in an enjoyable way.

Students also had a wonderful time baking muffins alongside their teachers, creating joyful memories while learning through hands-on experiences. .

Academic Programs

- **iLead Program by the Maxwell Leadership Foundation**

SMEIS continued implementing the **iLead Program by the Maxwell Leadership Foundation** for students in Grades 10–12.

The program, which has been applied at the school since the academic year 2024–2025, supports students in developing leadership skills and growing with confidence and purpose.

This program helps students become future-ready by preparing them for success at university, in the workplace, and in their personal lives.

- **Master Mind Competition | May 3–10, 2026**

SMEIS held the **Master Mind Competition** for students in **Grades 9–12** from May 3–10, 2026. Each grade was divided into two teams that competed in a challenging and engaging academic contest.

Prior to the competition, students were provided with study materials and topics in a variety of subjects, including **English, Science, Mathematics, Physics, Chemistry, World History, SSE, Economics, French, German, and ICT**. During the competition, students answered individual and team-based questions that tested their knowledge, critical thinking, and teamwork skills.

- **i-Ready Diagnostic Assessment | Third Trial**

SMEIS students from Grades 1–12 completed the third trial of the **i-Ready Diagnostic Assessment** in the computer labs. Building on their experience from the previous trials, students approached the assessment with increased confidence and familiarity with the platform. The assessment reflected noticeable progress in students' academic levels and learning development.

School life & Celebrations

• Art Week | May 17–21, 2026

During Art Week, students across all grade levels participated in a variety of creative art activities designed to suit their age and interests. The art projects included **Decoupage, Mosaic, Ceramic Clay, Wooden Letters with Ceramic Clay, Accessories, and Dream Catchers.**

On Thursday, May 21, 2026, students' artwork was proudly displayed in the school playground, where **students** and **SMEIS staff** had the opportunity to view and appreciate the creative projects.

Art Week provided students with a valuable opportunity to express themselves through art and showcase their creativity, imagination, and artistic talents.

Parent Engagement

• Teaching Influence at Home

"Your life is significant when you influence others in a positive way."

John C. Maxwell

Influence is like a candle—when it is lit, it makes everything brighter and better. Choosing to light that candle means choosing to add value to others. The values we practice and model each day reflect the kind of influence we have on the people around us.

Your influence will be either a plus or a minus in the lives of others. One way to make sure you add value to people is to intentionally help them.

Here are some ways to do that.

- **Practice the 30-Second Rule:**

Say something positive to a person the first thirty seconds you are with them.

- **Be the first to help:**

The first person to offer a helping hand is always remembered. Don't wait for others. Help first.

- **Be an encourager:**

Encouragement is oxygen for the soul. Everyone does better when encouraged.

- **Listen with your heart:**

People don't care how much you know until they know how much you care.

Based on concepts from the iLead Program by the Maxwell Leadership Foundation .
